Summary

Computer Science student with strong foundations in full-stack web development, Data Structures & Algorithms, and backend technologies. Skilled in building scalable MERN-stack applications with REST APIs, authentication, and database integration. Passionate about software development, problem-solving, and creating real-world web applications.

Education

B.Tech Computer Science and Business System

Netaji Subhash Engineering College, Kolkata

August 2023 – July 2027

CGPA: 7.2 / 10

Class 12th (WBCHSE)

Raiganj Coronation High School (HS), Raiganj

January 2021 – Feb 2022

Marks: 474 / 500 = 94.8%

Class 10th (WBBSE)

Raiganj Coronation High School (HS), Raiganj

January 2019 – Feb 2020

Marks: 652 / 700 = 93.14%

Skills

Programming Languages: C, C++, Java

Frontend Development: HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, React.js

Backend Development: Node.js, Express.js, Embedded JavaScript (EJS), REST APIs, Middleware

Database: SQL, MongoDB, Mongoose ODM

DevOps: Docker, CI/CD, Kubernetes

Tools and Platforms: VSCode, Eclipse, Git, GitHub, Postman

Projects

HAVENLY: Airbnb-Style Travel & Accommodation Listing Platform

July 2025 – September 2025

- **Tech Stack:** Node.js, Express.js, MongoDB, EJS, Bootstrap, JavaScript, React.js
- Developed a full-stack travel listing platform with integrated MongoDB database for managing listings and reviews.
- Implemented user authentication, authorization, CRUD operations, and RESTful APIs.
- Designed responsive UI using Bootstrap for seamless mobile and desktop experience.
- Added image uploads, form validation, and dynamic server-side rendering using EJS.

ASK-AI: OpenAI API-Based Conversational Assistant

January 2026 – March 2026

- **Tech Stack:** React.js, Node.js, Express.js, OpenAI API, JavaScript
- Built an AI-powered chatbot using OpenAI APIs for real-time conversations and prompt-based response generation.
- Implemented frontend-backend communication with REST APIs and asynchronous request handling.
- Improved user experience with clean UI and designed responsive chat interface with dynamic message rendering.
